

Aschaffenburg Mill

One of Europe's oldest paper mills, Aschaffenburg was founded back in 1872. Located in the centre of Germany, the mill is widely acknowledged for its ability to meet the highest customer demands and most varied specifications. Focusing on lightweight medium, since 1990 only 100% recycled fibre has been used.

Milestones

- **1872** Paper mill and pulp production build-up
- **1967** Production of 100% fluting made of high-yield pulp
- **1990** New paper machine from efficient & environmentally friendly production with 100% recovered fibre
- **1996** Acquisition by SCA
- **2005** Total machine rebuild to meet market demand for lightweight paper
- **2008** New winder & pope reel for better finishing quality

- **2023** Partnership to rebuild our power plant with E.ON

Products

Light Liner
Liner 3
Light Medium / Light Medium Plus
Medium / Medium Plus
Medium HP / Medium HP Plus

Certifications

Quality ISO 9001
Environmental ISO 14001
Safety OHSAS 18001
Energy ISO 50001
Forest Certification - Chain of Custody

Machinery

PM1 - Gapformer
Grammage range: 80 - 130 g/m²
Production: 420,000 tonnes/year
Speed max: 1,400 m/min
Trim max: 7.53 m
